

Winfield School District 34 Strategic Plan 2005-2010

Beliefs

We believe that in an effective school where all children learn,

- Children are both able to and choose to be lifelong learners through the modeling and encouragement of teachers, staff, parents, and community.
- Everyone supports the growth and development of staff.
- Students are actively engaged and take responsibility in the learning process.
- Students, parents, staff, administration, and community communicate openly.
- The school and the community forge a strong partnership.
- The school develops curriculum while considering the needs and values of the community.
- Teachers, by using varying and adjusting instructional methods, will challenge all students.
- Students learn in a safe and stimulating school facility.
- Students' academic, social, emotional, and physical development are all important.

Mission Statement

The Mission of the Winfield Schools is to prepare each child to be an engaged, life-long learner who excels in life and effectively contributes to society.
