

The Mission of Winfield District 34 is to challenge, inspire and empower passion within all learners.

Student Records

A cumulative record is maintained for each student. Cumulative record information is confidential and includes both permanent and temporary information. The permanent record consists of basic identifying information, including the student's name, address, birth date and place, gender, parents' names, grades attendance record, and health record. The permanent record is maintained for at least 60 years after the student has transferred or graduated. A temporary record includes scores from state assessments, expulsions, completed home language surveys, information required by the Abused and Neglected Child Reporting Act (if any), suspensions, intelligence test scores, psychological evaluations (if administered), and special education files (when applicable). The temporary record is maintained for at least five years after the student has transferred or graduated. Parents have the right to request a copy of their child's record at any time before it is destroyed.
